The flexible picture hanging system Top Rail is mounted to the ceiling. This ceiling rail that is discreet in its dimensions is an ideal hanging system to use in combination with recessed ceilings. By mounting the ceiling rail to the wooden side strip of a recessed ceiling, the rail 'disappears' into the ceiling. This 'invisible' picture hanging system then offers a flexible way to hang, change and replace pictures and wall decorations throughout the entire room. The Top Rail is also suitable for mounting directly onto concrete ceilings.
